THE SEMI-WEEKLY NEWS,

THE GREAT COUNTRY PAPER OF THE WEST.

Is issued Mondays and Thursdays and contains all the cream of the Daily and Saturday News.

LOCAL BRIEFS

The ceilings of Walker Bros. bank are being repainted.

Bishop Leonard leaves on the 24th inst. for New York to attend a meeting there of the house of bishops.

The grounds surrounding Senator Kearns' new manse have been carefully laid out and turfed, so that the court looks very attractive.

The new engine at the Z. C. M. I. is running regularly now that the big belt has come and been put in place, and gives great satisfaction.

The roof is being put on the Memorial building of the L. D. S. university, so that before winter really sets in, the fine structure will be under cover.

The foundations for the great Emery-Holmes apartment house are well along, and no time is being lost to push things before cold weather sets in.

L. E. Stoddard, Yale, '99, and E. G. Stoddard and F. F. Armstrong of New Haven are at the Knutson from a mining trip into Washington county.

The pump has been removed at the federal building site, as the trenches are now covered with concrete, and the water does not cause any more trouble.

The board of governors of the Commercial club elected to membership this week. W. W. Sondergaard, F. D. Domus, P. A. H. Franklin and E. P. Gridley of this city, and John Y. Rich of Brigham.

Hon. John A. Riner of Cheyenne is expected in the city shortly for the purpose of substituting with Judge Marshall on the federal bench. He will remain here for perhaps a period of three months.

The Z. C. M. I. has received four American automatic stokers which are now being placed under the company's boilers. It is believed that this will solve the smoke problem as far as the Z. C. M. I. is concerned.

There is remark in the stores on the scarcity of flies the past season, as compared with their presence in former years; and the "decreased attendance" is ascribed to the cold spell in July which killed off myriads of them.

William R. George yesterday filed a petition in the probate division of the district court for letters of guardianship upon the person of his brother Robert George, whom he declares is of unsound mind and incapable of looking after his property in a proper manner.

State Engineer D. W. Ross of Boise, has gone to the Snake river country to investigate the proposed reservoir sites on Fall River and in the Henry Fork country which are claimed to be particularly favorable for the purpose mentioned.

James Furster of this city has written a song entitled "While the Moonbeams Kiss the Wavelets on the Deep." It has been written by Willis Woodard & Co. of New York, who pay the said composer a royalty. The "News" acknowledges receipt of a copy.

The committee on buildings and school grounds of the board of education will recommend acceptance of the bid of C. S. Martin Coal company for furnishing the various schools with coal during the winter. There was but one other bid, that of the Burton Coal company. Several dealers declined to furnish bids.

There are two Italian bands traveling through the western country, the Royal Marine band of Italy, and the Italian Marine band, both rival organizations whose similarity of names has caused much confusion in making preliminary arrangements, particularly in Montana where the dates are conflicting. Both will appear later in this city.

Fifty Rowland High students enjoyed a drive about town last night in the big Raymond tally-ho coach, attracting a good deal of attention by their singing, dancing, playing cards, blowing coach horns and indulging in various college yells. Before returning to the school the party took dinner at a Main street restaurant.

President Thomas W. Judd of the state board of agriculture remarked today, that the general fruit crop through the state this year has been on the whole satisfactory. In particular instances, however, as in Iron and Beaver counties, there have been failures, untimely frosts being at the bottom of the trouble.

Miss Florence Ellis of Pleasant Grove went to the fair with her brother-in-law, Ernest Brown, last night, and while watching the gymnastic gyrations of the Terrible Turk, some light-fingered individual voluntarily relieved her of a hunting case gold watch and made off without saying a word. The police have been notified, but it is doubtful if they will ever recover it.

There will be a concert in the Twenty-

first ward meeting house Friday, Oct. 10, by selected talent, and while the admission is free, voluntary offerings will be accepted at the door, the money to be used for ward purposes. The names of some members include Misses Eva Hudson, Lena Walsh, Hazel Woodruff and Messrs. John D. Dwyer, Alex. Lynn and W. J. Poulton, Jr.

Col. E. F. Holmes of this city is greatly interested in the Colorado Springs congress and is doing all he can to urge a full representation from this state. At present, however, the outlook is not as encouraging as it should be, as Utah business men seem to be so busy that very few of them feel that they can spare the time to go.

The principals of the county schools met at Murray Thursday night and set apart next Wednesday as visiting day to visit the city schools. They also unanimously decided to become members of the state teachers' association. County Super Ashton states that the new East Jordan school house is completed and that school will open there on Monday next with a full corps of teachers.

Mrs. George M. Greene of Helper, formerly Miss Edna M. Ensign of this city, died yesterday afternoon at Holy Cross hospital of puerperal fever after giving birth to a stillborn child. The deceased was before her marriage very popular in Salt Lake society, and leaves many friends to mourn her loss. The funeral will be held at 2:30 p.m. tomorrow, from her father's residence in this city. Rev. Dr. C. T. Brown conducted the services.

The Continental Market building, which for several years has been occupied as a dancing hall by Christensen Bros., and which was late the scene of the Democratic convention, will probably be turned into a storage house. The Christensen academy has been transferred to the big hall in the same building where the Commercial club is located. Mr. Christensen states that the floor dimensions of the new academy are nearly 50x100 feet, about the same size as in the old building.

John L. and Ernest Petersen, shepherds, were arrested recently in Tooele county on the charge of killing deer out of season. A stockman named Matthews had noticed a dead carcas in Boxelder canyon from which the hindquarters were gone, and searching the Petersen camp not far distant he noted what seemed to him the missing hind quarters. The attorney of the accused, J. M. Hamilton of this city, however, was able to show to the court at Grantsville that the shepherds had killed a mutton, and the hindquarters were cut off, and the court discharged the prisoners.

He learned a great truth.

It was said, "John Wesley that he can hardly mistake." Why do you tell that child the same thing over and over again?" "John Wesley because once telling is not enough." It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grippe; that it counteracts antientropy of these diseases, resulting in pneumonia, and that it is pleasant and safe to take. For sale by all druggists.

ZION'S SAVINGS BANK & TRUST CO. has half a million dollars to loan in sums to suit borrower on first class collateral at lowest market rates.

THE new departure of a hot-house vegetable garden will furnish Salt Lake with fresh vegetables, principally lettuce and radishes, during the winter months. It is estimated that 600 heads of lettuce and 300 bunches of radishes will be cut each day.

Every one is made welcome at the greenhouses, and a special invitation is given to all visitors to call at their up-town store in the Desert News building, entrance through Wilcox Horne Drug store.

BETTER THAN A FAIR.

ONE OF THE LARGEST FLORAL ESTABLISHMENTS IN THE WEST.

Anyone interested in the culture of flowers should not fail to pay a visit to the mammoth greenhouse of the Salt Lake Floral Co., located between Eleventh and Twelfth South on State street in this city. 75,000 square feet are under glass, making twelve greenhouses, 30 feet wide and 260 feet long. The hothouses consist of a propagating and forcing house, a plumosa house, a maxilla house, rose house, three carnation houses, palm and fern house, chrysanthemum house, and three houses for the growing of vegetables during the winter months.

In the rose house an experiment is being made to grow the best varieties which has hitherto met with continued failure. The new process is to cultivate the rose as a bed of moss and a very little sand. All the plants appear to be in a very healthy condition at present, but time alone can prove whether the experiment will be a success or not.

Carnations are a specialty with the Salt Lake Floral Co., and they have

been successful in the growing of the very choicest varieties.

The especially fine stock consists of the new Cresbrook, the Lawson, Governor Wolcott, which is a seedling from the famous Lawson, Roosevelt the Scarlet Peony, and the biggest of all carnations, Prosperity. This latter measures when in bloom a quantity of seed, 4½ inches across, and is the largest carnation ever grown.

During the winter months the

Department of the Interior, Bureau of Land Management, has issued a sealed proposal for the construction of a modern brick sewer system in the vicinity of the residence of the bidder, made payable to the order of the Commissioner of Indian Affairs, U. S. Government, at Salt Lake City, Utah.

Agents shall be required to furnish

the plans and specifications

and to submit a bid for the work.

Proposed work is to be done in

the following manner:

1. To lay a 6-inch brick sewer

from the residence of the

bidders to the

outfall of the

sewer system.

2. To lay a 6-inch brick sewer

from the outfall of the

sewer system to the

outfall of the

sewer system.

3. To lay a 6-inch brick sewer

from the outfall of the

sewer system to the

outfall of the

sewer system.

4. To lay a 6-inch brick sewer
